- Analytical Thinking
- Good Communication
- Team Collaboration
- Debugging

PROFESSIONAL WORK EXPERIENCE

Cloud Application Developer Intern | SMARTBRIDGE   Sept 2022 - Mar 2023

- I developed 2 small-scale web applications employing technologies such as HTML, CSS, Flask, and Python.
- I had hands-on experience working with APIs and successfully implementing them in my web applications.
- I actively maintained projects utilizing technologies such as GitHub, Docker, Kubernetes, and IBM DB in order to ensure their continued success and functionality.
- I collaborated with fellow interns on front-end web development, contributed for their projects

PERSONAL PROJECTS

QUOTES-INSPIRED

- Designed and developed a responsive website featuring a dynamic platform that generates random quotes from renowned books.
- Integrated visually appealing background images to enhance the overall user experience and engagement. Combined technical proficiency with aesthetic considerations to deliver an engaging and visually appealing website.
  (Live link: https://vigneshkasa.github.io/QuotesInspired/)

CLOUDZY

- Developed a website dedicated to providing comprehensive weather forecasts, including temperature, humidity, wind speed, and pressure.
- Leveraged technologies such as API, JavaScript, HTML, and CSS to create a user-friendly and informative weather platform. (Live link: https://vigneshkasa.github.io/WeatherApp/)

ROCK-PAPER-SCISSORS GAME

- Engineered an engaging Rock-Paper-Scissors Game in JavaScript, incorporating 'Random' methods to heighten the game's unpredictability.
- Provided suitable sound effects to make it enjoyable to play. (Live link: https://vigneshkasa.github.io/RockPaperScissors/)
